Upcoming Expiring Levy

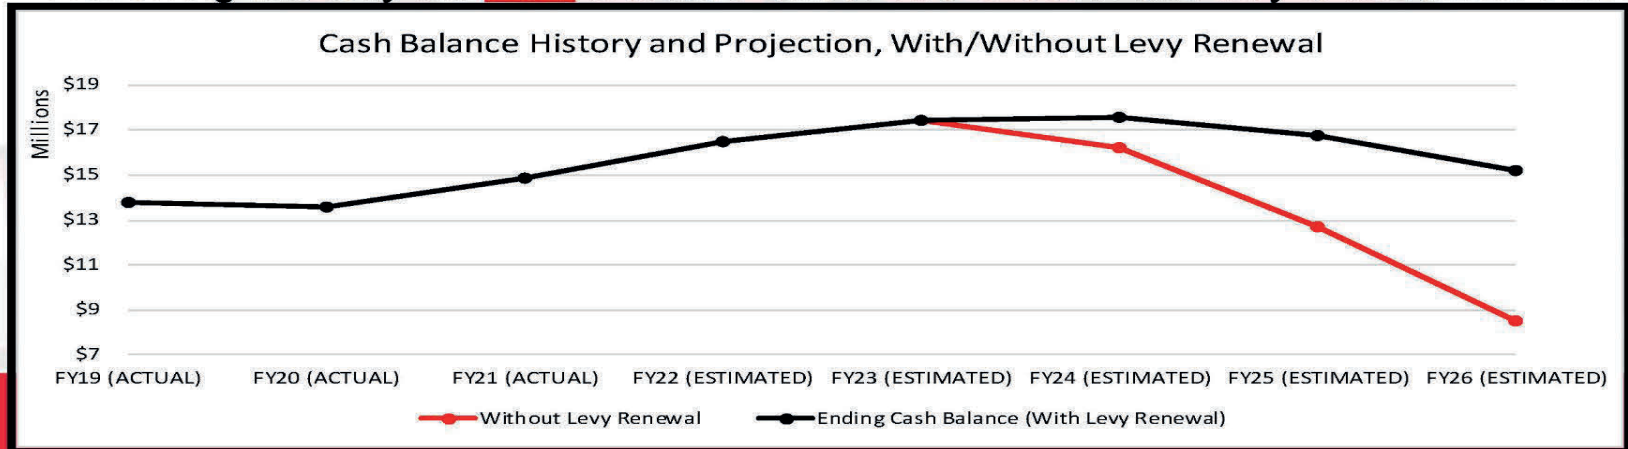

Treasurer's Report

General Fund Highlights – February 2022

Upcoming Expiring Levy

- It is a 7.5 mill Emergency Levy
- It is worth \$2.69 million of revenue per year.
- It was last renewed in November 2018 for five years.
- Therefore, it will be expiring at the end of 2023.
- Renewing this levy at some point during 2022 or 2023 will be critical to the financial stability of the district's operations.
- Renewing this levy will **NOT** increase taxes. The effect of this levy is illustrated below.

Schedule Change

Rationale Number 1 - Campus Safety

- Limits the coming and going of students during the day
- Reduces the traffic and entrances that must be staffed because some students do not have full-day schedules

Rationale Number 2 - Student Achievement/Building Expectations

- **Structure for Routines and Procedures:**
 - Daily reinforcement of academic and behavioral expectations

- **Academic Interventions:**
 - Allows for a daily double block of math in grades 6,7, and 8
 - Reduces time spent in study hall for many students
 - Increases instructional contact time
 - Office hours available when students are already on campus

- **More course opportunities:**
 - Semester of STEM/Health for 6, 7, and 8
 - Civics in Action - grades 11 and 12 elective
 - Chinese I elective- grades 8-12
 - Financial Literacy - Required

Rationale Number 3- Staffing

- Freed up additional staff to support core academic courses
- Did not require additional staff to support more elective offerings
- Preserves collaboration time while increasing student contact time
